When it comes to all-inclusive timeshare resorts, the Avalon Grand is Cancun's premiere resort. With 116 deluxe guestrooms and suites, which are unique in their size, details and amenities, the Avalon Grand combines comfortable accommodations, extensive dining options and a multitude of on-site land and beach activities to create a tropical playground for couples, singles and families to experience a truly exciting beachfront vacation.

Situated on a 14-mile stretch of white-sand beach in the heart of Cancun's famed hotel and timeshare zone, this personal and welcoming Resort is close to some of the most popular restaurants, nightclubs and shopping in the area. However, once you arrive, it is easy to forget your centralized location, as the Grand's limitless options and unique touches like breakfast in bed and 24-hour room service will draw you in and make you never want to leave the property.

The Avalon Grand is a small 'cozy' timeshare resort compared to many others nearby. Its architecture was very nice — a Moorish/Spanish style — providing an exotic, foreign atmosphere. It is situated right on the beach with both a beach and lagoon view. It looks like it was recently renovated, everything was very clean and neat. The lobby was also very nice — large and very attractive and comfortable, with a sitting-room ambience. The employees greet you with great enthusiasm, bring you washcloths to clean up with and then bring you champagne and small snacks to eat. While one employee is checking you in, another one was explaining to you about various activities available in the surrounding area. Then they put the Avalon bracelets on you, which you have to wear the entire time.
