The Aventura Spa Palace timeshare resort, nestled in the heart of the Riviera Maya, is the new expression of luxury with the Palace Resorts hotel family. The property sits on 85 acres, combining the exuberant virgin jungle, typical of the state of Quintana Roo with wide and spacious lawns and gardens, carefully designed to please the senses. The 474 luxurious rooms of this splendid resort are divided into four ample, 3-floor, low-rise buildings.

Aventura Spa Palace has an impressive array of fitness facilities including a spinning room, complete aerobic room with daily classes, indoor sound pool, yoga hut, lap pool, current pool, obstacle course through the jungle, 100 foot climbing wall, tennis courts, and much more.

The large spa offers a host of hydrotherapy services, including steam rooms, dry saunas, swiss and pressure showers, foot baths, and a cold plunge. Spa treatments available include couples' massage (rooms with ocean views), facials, medical evaluation, and more. There are 95 treatment rooms.

Aventura Spa Palace's architecture resembles the old Mexican Haciendas with a contemporary touch. From the central patio with its colonial fountain and the romantic archways, down to the natural tile floor and the carefully handcrafted furniture, it all combines to create a magical setting. The resort is oriented towards the spectacular Mexican Caribbean. Protected and secluded by a natural rock and coral formation, our guests find a beautiful carved inlet of transparent, turquoise waters bordering 660 feet of white sand, creating an exclusive and secure hideaway with numerous lounge chairs resting under the soothing shadow of the palapas.

This is an adults-only, all inclusive resort; all guests must be over the age of 18. The all inclusive plan includes dining, snacks, top shelf drinks, room service, paddleboats, kayaks, snorkeling, entertainment, and all tax and gratuities.

The most striking feature of the resort is the level of service from the staff. From putting fluffy towels on your lounge chair – two, one rolled up perfectly for your head! – to bringing you drinks right on the beach, from offering personalized attention at the gym and spa to even carrying your plate from the buffet area to your table at breakfast, the personnel were outstanding. Everyone is trained, after every interaction with you, to

say, “It’s a pleasure,” and you feel that it is sincere.

The resort is adult-only, and relatively small. Its design and décor are modern and minimalist, with a white color scheme (per the resort name). As is apparently the case in most resorts in the Palace chain, there is a double Jacuzzi tub in every guestroom. Le Blanc has a butler on every floor to answer questions, a pillow menu, comfortable furnishings, terrific bathrooms and toiletries, free room service and daily restocking of the minibar included in the package, etc.

There are four restaurants – international, Italian, Asian and multi-course gourmet. There is entertainment at night, but no party atmosphere – a woman pop-style singer accompanied by a pianist, Flamenco dancers with a guitarist, a dance group out by the pool area representing the four elements, etc.

If you pay the all-inclusive fee ahead of time instead of waiting until you arrive at the front desk at check-in, you receive the “Passport” package that allows you to choose among several free tours. Overall, it was a completely different vacation feeling than our usual timeshare trade where we drive and shop. We consider it a super relaxing, and an experience all should enjoy.
